JF100 Wall mounted meeting room jammer
2019/08/01

We had a lot of inquiries from our customers for the last couple of years. They all asked for a jammer which can jam all cell phone frequencies and can be mounted to the wall in their office and meeting room. School directors were asking for a jammer which can be mounted to the wall in the classrooms and exam rooms to disable the cell phone usage of students and let them concentrate on studies. At last Jammer Store is able to offer you a mountable mobile phone jammer which can jam all cell phone frequencies of GSM, 3G, 4G Wimax, 4G LTE and WIFI/Bluetooth frequencies. JF100 can be used worldwide and before shipping we always double-check cell phone frequencies in your country and make sure the jammer is configured to block them all. If you don't want to mount this jammer to the wall it is still fine to use it as a desktop jamming solution. The jamming range will be approximately the same. JF100 has 2 cooling fans on each side which can prevent overheating. So basically you can use it for 24/7.
